

PROFILE

- I am capable of working well with new people. I am also known as a good listener, able to grasp the core of the issue and provide the right solution.
- I can make quick and accurate decisions, even in critical or high-pressure situations. To me, every task is important. Working on it meticulously and to the best of my ability is my form of responsibility.
- I am a creative person who enjoys finding alternative solutions to various problems. I am also open to all possible solutions. Creativity helps me become a good leader because I can anticipate various issues.
- I am highly focused on work results, often to the point of being idealistic. However, I can also be realistic when setting targets or goals, always striving to achieve them in a good and efficient manner.
- Born in Wonosobo on August 8, 1993, I am someone who is very enthusiastic about everything related to programming and always feels challenged to work on new projects involving Mobile and Web application development.

ABOUT ME

- I am a creative person who enjoys finding alternative solutions to various problems. I am also open to all possible solutions.
- I am also open to all possible solutions.
- Creativity helps me become a good leader because I can anticipate various issues.

EXPERIENCES

PT. Tiki Jalur Nugraha Ekakurir

- IT Support JNE / IT Support JNE
- Jan 2017 - Jan 2018
- As an IT Support, I assisted clients in resolving server-side issues, ensuring the smooth operation of JNE's systems.
- www.jne.co.id

PT. Cranium Royal Aditama

- Junior Mobile Developer
- Mar 2018 - Jan 2020
- Started my career as a Junior Mobile Engineer, handling projects such as Shusitei (a restaurant app) and Kalm/Kalmselor (an online counseling app). Technologies used include Flutter, Java, Firebase, and Push Notification.
